**LIST OF NEW ROSES, AND ROSES OF SPECIAL MERIT.**

**AT PRICES QUOTED.**

**New Forcing Rose, KAISERIN AUGUSTA VICTORIA.**

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when fully blown are not at all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor quality. This Rose combines both, these good qualities. It is a continuous-blooming, producing successive crops of buds, and formed with large, puffed, white petals of best substance, showing no center when fully open. (Color a pure snow-white) Price, Fine 3! inch pots, $1.00 per dozen. $8.00 per 100; nice 2½ inch pots, 3 cents per dozen, $5.00 per 100.

**New Golden-Yellow Tea Rose, MEDIA.**

There is no denying the fact that yellow and white Roses are admired by every one, but the yellow has the more admirers of the two. The size and shape of all that could be desired: full, round flowers of the largest size, perfectly double to the center, and the fragrance is elegant. The growth is vigorous, while the foliage is of green that goes so well with yellow. Price. 75 cents per dozen: $5.00 per hundred.

**New Forcing Tea Rose, Md. Pernet Duchere.**

A charming new Tea Rose,Urnary yellow, scented with clover, long, pointed buds on every shoot. It is a wonderful seed producer. Included to come somewhat single during the hot weather. It is a favorite forcing Rose in Europe, and no doubt will become very popular when better known. Price. 75 cents per dozen: $5.00 per 100.

**New Forcing Tea Rose, Christine de Noüe.**

The Double Papa Gonziier.

This beautiful new red Tea Rose is a very charming Rose, and promises to be one of the best of recent introduction. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large-sized, graceful bush, with bright, deep green foliage. A constant and very free bloomer. The flowers are mild upon stems, and are usually large and handsome. It is a very double Papa Gonziier, and will be splendid for forcing. Price. 60 cents per dozen: $4.00 per hundred.

**New Forcing Rose, BRIDESMAID.**

A new Rose. A spin-off from that old standard, Catherine Mermet. This variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All known that Catherine Mermet takes precedence in pink beauty. More plants of it are cultivated by the number, and more cut blooms is sold by the flower dealer of it than any pink Rose. Why? Because the bud is of exquisite shape and color, and the stems are so long and stiff that no other Rose will compare with it in keeping qualities after being cut. It has, though, with all these good qualities, a serious defect, namely, "off color." This is noticeable more in dark, cloudy, weather, but is true of the Rose at all times. Now, this is why the Bridesmaid will surpass the Mermet. It is about two shades deeper in color—just enough to make it bright, and it is the same color all the time under every condition of weather and surroundings. Strong two-and-a-half-inch pots. 60 cents per dozen: $4.00 per hundred.

**New Tea Rose, Madame Elie Lambert.**

A beautiful new Tea Rose. The colors not particularly remarkable—scarcely unusual—and yet we have no hesitation in recommending it as one of the most beautiful and valuable Roses of which we have any knowledge. The flowers are extra large, fine, globular form, very full and well built up. The French description says—it is the absolute perfection of form. The color is somewhat in the way of Madame de Wattersville, but deeper: rich creamy white, faintly tinted with pale golden-yellow, and exquisitely bordered and shaded with soft, rose-tinted, exceedingly beautiful and very sweet petals large and of good substance, constant and profuse bloomer, strong and vigorous and blooming grower—in short, a magnificent Rose in every way. Price. 75 cents per dozen: $5.00 per hundred.

**NEW ROSE, HENRY M. STANLEY.**

This grand new ever-blooming Rose was raised from Madame Lambert and Countess Eliza de Par, and named in honor of the great African explorer, and is recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber rose, delicately tinged with apricot-yellow towards the center. Reverted to peach peach buff rose. The flowers are of good substance, extra large, finely formed and very full and fragrant. Price. 75 cents per dozen: $5.00 per hundred.

---

**CALIFORNIA'S NEW ROSE, THE RAINBOW.**

This new Rose from California, which, no doubt, will be extensively planted, was awarded a silver cup by the State Floral Society. The color is a lovely shade of deep floral pink, striped and mottled in the most unique manner with intense crimson, and elegantly colored with rich, golden-yellow at center of base of petals. It makes beautiful buds, and the flowers are extra large, very sweet and of great depth and substance. Price. 60 cents per dozen: $5.00 per hundred.

**NEW TEA ROSE, J. B. VARRONE.**

A fine grower, flowers very large and double, with high center opening from long buds. Color a soft Chrys Rose, changing to bright, deep carmine of even shading. An extra good Rose, and very sweet. Much superior to Licolie, which it greatly fairs, but of a better growth and much finer in blooming qualities. A grand new Rose. Price. 75 cents per dozen: $5.00 per hundred.

**New Ever-Blooming Rose, Crown Princess Victoria, or White Malaisson.**

It is a vigorous grower, with large, fine foliage, and is one of the loveliest of all Roses. The color is a pure, waxy snow-white, sometimes has a tinge that, and to those who desire a fine double flower when fully expanded, this will meet your wants, as it is very beautiful when fully blown. Certainly a good acquisition. Resembles that grand old Rose "Malaisson" in shape and fullness. The best white Rose we have to offer you. Price. 75 cents per dozen: $5.00 per hundred.
NEW CRIMSON TEA ROSE, MARION DINCEE.

The flowers are large, beautifully cup-shaped, moderately full and borne in short clusters on slender stems. A rich crimson, with crimson shadowed petal; the center is a deep rose. Origin: China. Price, 50 cents per dozen: $4.00 per hundred.

NEW TEA ROSE, CAPTAIN LEFORT.

Color of flower rosy-purple, reverse of petals China Rose. This variety is a cross between Socrates and Catherine Mermet. Large buds on stiff stems. A variety of great merit. Price, 50 cents per dozen: $4.00 per hundred.

The Great Forcing Rose, Catherine Mermet.

A beautiful, clear rich color, with the same silvery lustre seen in La France. Large, well formed, double, and very sweet-scented; flower stem roughened like a Moss Rose; the coloring is entirely new and very brilliant. The open Rose reminds one of a ripe, red peach. No rose equals it in its delightful colored size of buds. Price, 50 cents per dozen: $4.00 per hundred.

NEW TEA ROSE, LUCIOLE.

A new French Tea Rose of much more than ordinary merit, very bright carmine rose, tinted and shaded with saffron, the base of the petals being copper yellow, with reverse a rosy-carmine, large, pointed, very double, and very sweet-scented; flower stem roughened like a Moss Rose; the coloring is entirely new and very brilliant. The open Rose reminds one of a ripe, red peach. No rose equals it in its delightful colored size of buds. Price, 50 cents per dozen: $4.00 per hundred.

New Ever-Blooming Rose, Mrs. DeCraw.

Everybody wants a hardy, ever-blooming Rose, and we now offer the grandest of this class. From early spring until frost it can be depended upon to produce flowers of large size and exquisite fragrance in lavish abundance. In color it is a rich, glossy pink. It is such a growing grove that it is almost impregnable against attacks of insects. For garden or cemetery plots it has no equal. Price, 50 cents per dozen: $4.00 per hundred.

JOSEPH METRAL.

This is a strong, vigorous Rose, with fine, rich foliage. Flowers unusually large and of good form. Color magenta, passing to cerise red, shaded with purple. Received two medals of merit. Price, 50 cents per dozen: $4.00 per hundred.

FORCING TEA ROSE, PERLE DES JARDINS.

Without doubt the finest rose in cultivation. Canary or golden-yellow flowers, large and beautifully formed. Handsome in every stage of development, from the smallest bud to the open flower. Price, 60 cents per dozen: $4.00 per hundred.

REINE OLCA DE WURTEMBURG.

A splendid Rose, and should be grown where the Manganese Nell does not succeed. This variety, as grown in the south of France, is simply indescribable. The people in the South would do well to employ this beautiful sort for covering verandas and trellises. Color a rose-carmine, suffused with yellow. Price, 50c per doz; $4.00 per 100.

The New Hybrid Tea, Madame Caroline Testout.

This is one of the introductions of '91. A really grand Rose, of the La France type, but larger and of better color. It is clear pink in color—nothing is in the Rose line that can approach it in color; it is as large as Hannock Bothschild, and as fine as La France. Price, $1.00 per doz; $8.00 per hundred.

MADAME ISAAC PERIERE.

(Bourbon.) One of the best Roses we have. Very hardy, and a constant bloomer. It has large, beautiful foliage, and is a vigorous grower. The flowers are a beautiful carmine, and bloom throughout the season. Price, 50c per doz; $4.00 per 100.

TEA ROSE, PROF. CANIavit.

Vigorous in growth and free in bloom. Flower double and of good form, of the color of Souvenir J. Thibert. Price, 50 cents per dozen: $4.00 per hundred.

NEW TEA ROSE, SOUV. DE CLAIRVAUX.

The flowers are extra large, having a deep, full form, well built up; the buds, too, are large and well pointed, altogether giving an idea of luxuriant beauty that but few roses possess. The color is bright pinkish rose, very rich and handsome, and shading rather to a deeper rose of similar hue. The size and beauty of the flower are very desirable. Price, 75c doz; $5.00 per 100.

NEW TEA ROSE, SOUVENIR OF LADY ASHBURTON.

Flower grand size and quite double, very changeable in color, showing a great variety of shades—salmon, yellow, rose, and various combinations, and as such. Price, 75 cents per dozen: $5.00 per hundred.

NEW TEA ROSE, MAURICE ROUVIER.

Flower enormous size and quite double; splendid form. Color a soft, tender rose, shaded and varied with red. Price, 50 cents per dozen: $4.00 per hundred.

NEW ROSE, STRIPED LA FRANCE.

(Madame Angelique Vayssset.) Everybody knows the beautiful La France—a Rose that has always had such a ready sale that the demand has never been fully met. Striped La France combines all the good qualities of La France in growth, fragrance, shape of bud and flower; in fact, differs from it in two points. First, it is free in bloom than the parent; second, it is nicely striped, the marking being plain and distinct, and the variegation a beautiful bright rose on a satin-pink ground. We planted several thousands to test them, and the many thousands of people who have seen it prefer it to the France. Price, 60c per dozen: $4.00 per hundred.

NEW TEA ROSE, SNOW FLAKE.

It is a lovely new white Tea: the finest flowering Rose we have ever seen. The Rose was introduced by C. Straus & Co., of Washington, D.C., and by them grown in large quantities for cut flowers, they claiming it the most profitable white Rose they grow; that they had counted 153 buds and flowers on one plant in a single day, and the plant live to a year old. Price, strong plants, 50c per doz: $4.00 per 100.

NEW TEA ROSE, THE QUEEN.

A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely-formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, open well, is very sweet, and has proved valuable, both for forcing and open ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of white, ever-blooming Roses. Price, two and a half inch pots, 50 cents per dozen: $4.00 per hundred.

New Tea Rose, Countess Eva Starhemberg.

This bud is long in form, opening into a fine double-flower of great beauty and heavy texture; color, creamy-yellow, shading to silver at the center: borders of the petals touched with rose. Price, 75 cents per dozen: $5.00 per hundred.

NEW FORCING ROSE, WHITE LA FRANCE.

AUGUSTINE GUINNOISEAU. A rose we can recommend to all, whether for outdoor culture or for pots in the house in Winter. If you were to ask us to select six of the very finest roses for you, we should be sure to include it in the six. Do you know La France? If so, you know this exquisite new Rose. It is identical with La France, except the color. It is pearly white, sometimes tinted with pink. Thousands of persons who have visited our grounds last summer have been startled with the beauty of this Rose, one and all exclaiming, "What beautiful Rose is this?" We predicate it far more popularity than La France ever attained. Don't fail to get this new Rose. Price, 75 cents per dozen: $5.00 per hundred.

HYBRID TEA ROSE, LA FRANCE.

It is of superb form, and double as a rose can be. No variety can surpass it in delicate coloring—silver rose shades, with pink. It has satin sheen over all its petals. It is most universally regarded as the most useful of Roses, for it is hardy beyond question. It blooms continuously. The flowers are large, finely built, endure for a great length of time, are exquisitely colored, and fragrant in the highest degree. Another Rose of which one cannot have too many. Price, two and a half inch pots, 10 cents each: 50 cents per dozen: $4.00 per hundred.

Moderately vigorous in growth. Flowers large and nice shape. Color orange yellow, bordered and lined with rose carmine, reverse of the petals yellow-white. A magnificent variety and the prettiest Rose of the set. Price, 75 cents per dozen: $5.00 per hundred.
NEW CLIMBING ROSE, WALTHAM QUEEN.

(Waltham Crimson No. 3) This splendid new ever-blooming Climbing Rose is introduced from England, where it has given great satisfaction. It is a valuable acquisition, particularly for the South and Pacific Coast, and though not entirely hardy in the North, it will probably do well in many situations in the Middle States. It is a strong grower and continues to bloom better than any other with this beauty of bud and foliage, and it literally lavishes in the greatest profusion its beautiful, rich, red flowers of magnificent size. This Rose has been awarded first premium wherever exhibited. Price, two and one-half inch pots, 60 cents per dozen; $4.00 per hundred.

DEVONIENSIS — (Magnolia Rose).

A beautiful cream-y-white, with rose center, large, very full, and a delightfully sweet Magnolia fragrance 50 cents per dozen; $4.00 per hundred.

New Tea Rose, Comtesse de Fournegruise.

In color chosen in freedom of bloom second to none. The buds are long and pointed, not unlike Nipponia in form, and good size. The color is a deep golden-copper, with softer shade inside of petal. As a yellow Rose this takes rank next to Marcella 111. 50 cents per dozen; $4.00 per hundred.

COUNTESS ANNA THUN.

Flowers freely produced on short, stiff stems; shows characteristics of a good border. It is of the most perfect form imaginable. Color a beautiful cream yellow, with coppery and peach center, shading to salmon and silver-pink, the colors blending nicely. 75 cents per dozen; $5.00 per hundred.

TEA ROSE, LETTY COLES.

One of the finest Roses grown, without exception. It is very double, and cupped forming a magnificent full, open Rose of soft, cream-y-white, with a very bright red carmine-center. A splendid grower and universal favorite. 50 cents per dozen. $4.00 per hundred.

ETOILE DE LYON.

This is considered one of the finest yellow bedding Roses for outside planting, it is, moreover, one of the hardiest in the Tea section. It blooms freely, and every flower is a gem. It equals Marcella in size, on strong branches. A deep orange-yellow. A remarkable Rose, deserving extensive culture. Price, 50 cents per dozen; $4.00 per hundred.

MONSIEUR FURTAO.

Deep sulphur-yellow, described by Mr. Eltzanger as the best yellow pot Rose. It should be grown more largely, as it is excellent 50 cents per dozen; $4.00 per hundred.

MADAME WELCHE.

An extra fine variety, very large, double, and of beautiful rounded form, a soft, pale yellow, sometimes cream, with short, outer petals of glowing orange and copper. Not to be forgotten if once seen. Price, two and one-half inch pots, 10 cents each; 50 cents per dozen; $4.00 per hundred.

RED MALMAISON.

Souvenir de la Malmaison a Figures Roques. This beautiful Rose is identical with Souvenir de la Malmaison except in color, which is a clear, deep, rich scarlet. A grand and handsome Rose in every respect. Price, 75 cents per dozen; $5.00 per hundred.

CUSTAVE NADAUD.

Superb & Notting. A free-growing grower, with large, double flowers. The outside petals are large and rounded, giving it an exquisite cup-shape. Color vermilion, with clear touches of carmine-take and soft pink center. Price, 60 cents per dozen; $4.00 per hundred.

To Rose, Mademoiselle Franciska Kruger.

The striking color of this handsome Rose places it once in the front as a bud producer in the open air. It is closely allied to Catherine Mordant, and resembles it in every save color. In its shading of deep coppery-yellow it stands alone and distinct from all others. The flower when open is of good size and very symmetrical. 50 cents per dozen; $4.00 per hundred.

VISCONTESS FOLKESKESTONE.

Hybrid Tea. No Rose in our Catalogue has grown in popularity during the past year. The coloration of this Rose is surpassing among hybridized varieties, it being in the last degree, with strong, heavy foliage. The flower is delicately tinted flesh, almost a blue, and looks as good. When in bloom, it is truly a sight. Price, one and one-half inch pots, 10 cents each; 50 cents per dozen; $4.00 per hundred.

FORCING ROSE, PAPA CONTIER.

A lovely Tea Rose, has proved all that has been claimed. The blooms are large and long, with three or four deep petals of deep carmine color. The inner petals are a bright, rose-carmine, and tight up well at night. It is delightfully fragrant, and combines all that is best in Climbers, which makes it the most popular forcing Rose of its color. 50 cents per dozen; $4.00 per hundred.

The Old Ever-Blooming Rose, HERMOSA.

We believe the Hermosa is the best known in the entire Rose family, and a universal favorite. Handsomely blue as a bush and as a forcing plant as the geranium, it combines everything most desirable in a Rose. The flower is cupped, finely formed, and full, color the most pleasing shade of pink, soft but deep, and very fragrant. We have a large and fine stock of this standard variety. Price, 50 cents per dozen; $4.00 per hundred.

THE METEOR.

The New Crimson Forcing Rose, Meteor.

A velvety-red ever-blooming, of the deepest glowing crimson. As fine as a hybrid Crimson Tea flower of medium size. Very double, and petals slightly recurving. A beautiful open Rose, a free bloomer, and promising well as a pot Rose. It has no signs of blight, or other disease in the garden. Price, 5 cents per dozen; $4.00 per hundred. This annual demand for this Rose for forcing has caused us to grow them in large quantity, and we offer them in two sizes. Nice, strong, two and one-half inch pots, 50 cents per dozen; $4.00 per hundred.

HYBRID TEA, MADAME SCHWALLER.

This Rose has the strong firm growth of the Hybrid Perpetuals, the same form and finish of flower, especially full grown. It is very free in bloom, and has the fragrance of France. The color is a bright, rose-pink, pale at the base of the petals and deepening on the edges. Apt to come in clusters, which are excellent for cutting. Price, 50 cents per dozen; $4.00 per hundred.

The Fine Cemetery Rose, Madame Plantier.

Not a true Hybrid Perpetual. Blooms only in the Spring, but at that time is literally covered with pure white, perfectly double fragrant flowers, which hang on for a long time. It forms large, dense clusters. As hardy as an oak. Price, 50 cents per dozen; $4.00 per hundred.

JEANNE CUILLIAUZ.

A very vigorous grower. Flower large and double, of good form, with beautiful long buds. Color a clear red, touched with crimson, center coppery-red, with pale silvery shadings. Received first-class certificate from the Lyons Horticultural Society. Price, 60 cents per dozen; $5.00 per hundred.

DUCHESS OF EDINBURG.

A splendid Rose, producing very large buds of the most intense deep crimson. A true crimson tea. Petals feel and is very vigorous. A grand Rose. Price, 10 cents each; 50 cents per dozen; $4.00 per hundred.

NEW TEA ROSE, MISS WENN.

This charming variety is noticed at once for its exquisite color, which seems entirely distinct from almost all other Roses of our acquaintance. We call it a clear coral pink, a most moody and distinct shade of color very difficult to describe. The French call it Cime Pink. It is certainly a very beautiful color, and full and exquisitely Tea-scented. Price, 75 cents per dozen; $5.00 per hundred.

The Yellow Hermosa, Coquette de Lyon.

This Rose is one of the finest of its kind. She is a beautiful, double, yellow Rose, with bright eyes and yellow center. Price, 50 cents per dozen; $4.00 per hundred.

Bright Yellow Rose, with coppery-yellow center, edge of petals suffused with carmine. A charmingly beautiful combination of coloring, and each color blends, never with the other. The variety will take rank with the best, and is a rose of decided merit. Price, 50 cents per dozen; $4.00 per hundred.

McGregor Brothers' Wholesale Price List, Springfield, Ohio.
THE SUPERB, NEW, EVER-BLOOMING ROSE, CLOTHILDE SOUPERT.

THE BEST MARKET POT ROSE.

This rose originated with Messrs. Sonpert & Notting, of Luxembourg, Belgium. It is a strong, vigorous grower. The flowers are double, large, beautiful, in form, with the style of the beautiful Rose, "Ball of Snow." The flowers are borne in sprays, and the color blends from a soft shell pink to a pure satin white. Roses with both of these colors are produced on the same plant at the same time. This Rose is destined to take high rank as a pot Rose for hedging purposes, and with the increased taste for Roses in clustered sprays, will be profitable as a cut-flower. No other Rose approaches it in flowering qualities, not even the grand old Hershey. Price, 50 cents per dozen; $4.00 per hundred.

MARIE CUILLOT.

Perfection in form; flowers large and double to the center. This variety holds first place among white Tea Roses in purity of color, depth of petals and general in shape, grows well and is healthy. The best white Rose for various purposes grown. Price, 50 cents per dozen; $4.00 per hundred.

New Bourbon Rose, Madame Isaac Periere.

One of the best Roses we have. Very hardy, and a constant bloomer. It has large, beautiful foliage, and is a vigorous grower. The flowers are a beautiful, rich carmine, and bloom throughout the season. Price, 60 cents per dozen; $4.00 per hundred.

One of the most robust growing varieties among the Teas, not climbing, but making long, and sturdy shoots. Flowers medium-sized. Color cream-white, shaded with amber. Exceedingly free-flowering. Price, 60 cents per dozen; $4.00 per hundred.

New Hybrid Tea Rose. Docteur Reymont.

Hardy, ever-bloomer, very handsome and beautiful, large-oval, regular flowers. Color a bright, deep, satiny-red, with lighter center. Price, two and a half inch pots, 10 cents each; 50 cents per dozen; $4.00 per hundred.

FORCING ROSE, THE BRIDE.

A lovely, pure white, very fragrant Rose, admirably adapted for forcing. The buds have more substance than Niphets, are very full and double, and possess the good characteristics of Catherina Monroe. Price, two and a half inch pots, 10 cents each; 50 cents per dozen; $4.00 per hundred.

The New Forcing Rose, Duchess of Albany.

We have no hesitation whatever in saying to our customers that this Rose stands at the head of all Rosés, not excepting La France. What we wish to impress is the fact that as a Rose for all purposes it has no peer. It is identical with La France, excepting in three points. Those are: A more vigorous growth; a larger and more expanded flower, and a deep, even pink in color; not shaded, but is called a solid color. Ladies prefer it on account of its beautiful color to any other Rose for personal adornment, as it stands up well against either light or dark dress goods to a charming advantage. The growth of the plant is exceedingly vigorous, and the flowers, which are thrown up well above the foliage, are produced in extraordinary profusion, the plants being covered with handsome medium-sized sprays of lovely blooms. Price, two and a half inch pots, 10 cents each; 60 cents per dozen; $5.00 per hundred.

NEW TEA ROSE, FURSTEN BISMARCK.

A very variable colored Rose, changing from China Rose color to cherry-red, the whole suffused with lemon. A strong, vigorous new variety from Germany. This is a very promising variety; one of the best new Rosés. Price, two and a half inch pots, 75 cents per dozen; $5.00 per hundred.

NEW TEA ROSE, ELIZA FUCIER.

This is certainly one of the very best new Rosés of this year. The flowers are of grand size and superb form, will bear upon strong, stout stems. It is described as being somewhat in the way of Niphets, but much more beautiful and vastly more serviceable, as it is a good, strong, healthy grower, that will do well in all ordinary situations. The color is rich, creamy-white, beautifully tinged with pure golden-yellow. The petals, which are large and broad, are frequently bordered and delicately shaded with soft, pearly pink. 75 cents per dozen; $5.00 per hundred.

CLOTHILDE SOUPERT.

New Tea Rose, Madame Philemon Cochet.

GERANIANM  "THE WONDER."

This new Geranium, without doubt, is the finest that has ever been offered, came from France in a lot of fine sorts, and is supposed to be a sport from the scarlet Geranium, Athete. It being so intense in color, such a wonderful bloomer and strong grower that it was kept separate and styled "The Wonder," from the fact that everyone who saw it pronounced it wonderful.

The artist has copied exactly in size, an ordinary truss. The flowers are the most intense, dazzling scarlet, and are borne in trusses of enormous size, measuring from 18 to 26 inches in circumference with single florets measuring 7 inches in circumference. The foliage is fine, and rich in color, and in strong contrast to the brilliant scarlet flowers.

As a pot plant or a bedding Geranium, it has no equal. Price. 20 cents each: $1.00 per dozen.

The Great Bedding Geranium.

BRAUN.
The plant among Geraniums. We consider this the bedding Geranium of all varieties. The plant rebounds in vigor, foliage, and all the qualities that go to make the perfect bedder that it is. Fine also in pots. It is of the semi-double type (the most striking of all), only the double form takes place near the base of the petals, allowing them free development, and at the same time showing the semi-double type. It embodies all the advantages of both types, the perfect development and free-blooming qualities of the singles, the fullness and beauty of the doubles, without their great fault of having the florets dump and drop off and become unsightly when planted outside. Price. 50 cents per dozen: $5.00 per hundred.

The Incomparable Single-Flowered
Salmon Geranium, Mrs. E. E. Hill.

There has never been a salmon-colored Geranium equal to this, although it has been introduced some four years ago, and it is rarely offered in wholesale lists, because it is at once picked up by market-growers. We have a nice lot growing, and think we will be able to meet the demand. For those unacquainted with the variety we would say it is a most distinct and pleasing shaded salmon, with light shading at the center. Trusses are large, and composed of an immense number of florets. The finest salmon-flowered Geranium to date. Price 60 cents per dozen: $5.00 per hundred.

HETERANTHE== (Double: General Grant.)

We consider this the best bedding Geranium of all varieties. The plant rebounds in vigor, foliage and habit. The flowers are absolutely perfect in shape, color and make-up. Trusses exceptionally large and borne in immense spherical balls often measuring eight inches in diameter. It makes a compact dense growth, and has all the qualities that go to make the perfect bedder that it is. Price. 50 cents per dozen: $4.00 per hundred.

THE BEAUTIFUL SINGLE WHITE MARGUERITE DE LAYRES.

We have a most beautiful pure white Zonal in this splendid variety. It seems as though Mowers' Braun and Lemoine were running for the same white Geranium; for in this and the variety La Vestale, of Lemoine, we have two superb varieties for this year. There is little choice between the two, but if anything La Vestale perhaps leads for the open ground, while Marguerite de Layres is the finest for pot culture we have had for years. Price. 50 cents per dozen: $4.00 per hundred.

The Finest Double White Geranium for Bedding or Cemetery Planting. LA FAVORITE.

This is without any doubt whatever the best double white Geranium ever introduced. It is so far ahead of all others that a comparison is not necessary. Many are famous for being a strong grower, a profuse bloomer, and reliable in always coming perfect in color and substance. The trusses are very large. Flowers beautifully formed, of the purest white, and retains its color in the sun, not drawing to a pinkish color as does White Swan. Price 50 cents per dozen: $4.00 per hundred.
PEACH BLOSSOM GERANIUMS.

JOAN OF ARC.

Of the Som. de Mirande type; very free flowering, even more so than Mirande. Color very distinct and attractive, from a bright orange-red, the two upper petals blotched and feathered pure white to more than half their length. Price 60 cents per dozen; $4.00 per hundred.

M. V. NOUENS.

May be described as a scarlet Mirande. It is a magnificent variety of large size, and of the most brilliant combination of clear white with scarlet border. Price, 60 cents per dozen; $4.00 per hundred.

SOUVENIR DE MIRANDE.

The greatest novelty in new Geraniums that has appeared for a number of years is undoubtedly Souvenir de Mirande. It is entirely distinct from any other variety shown, and is quite different from the usual marked varieties that have from time to time made their appearance. It has rounded florets, upper petals cream white, with a distinct rosy-pink border; lower petals salmon-rose streaked with pure white. A most novel color. It is extremely free-flowing and produces fine trusses of its magnificent blooms. Price. 50c per doz., $3.50 per 100.

MANETTIA BICOLOR.

A rapid and beautiful new climber. The flowers are from an inch to an inch and a half in length, of the most intense scarlet, shading into flame, tipped with bright golden-yellow, and are covered with a thick crimson scarlet moss. The brilliancy of the flowers is greatly enhanced by the waxy-green, light leaves, and the blossoms remain on the plants weeks before falling. This variety must not be confused with the old Manettia Cordifolia, as it is far superior to the old variety. Price, young plants, 60 per dozen $4 per hundred.

SEMPERVIVUM REPENS.

This is one of the greatest curiosities of all the scarletoids, and may be justly called the miniature Eucalyptus for its bushy, yet handsome, low, upright growth in the greenhouse, and yet so tall that it will reach a height of 8 to 10 ft., producing a spreading mound when well-staked. Price. 60 cents each; 50 cents per dozen $4 per hundred.

PILEAS.

Muscosa—(Artificial Plant.) Graceful, fern-like foliage, and immense numbers of very small florets, which produces a charming mound when well-staked. Price. 50 cents per dozen; $4 per hundred.

PASSIFLORA.

Constance Elliott—Pure white, excepting a very slight coloring at base of corolla. Price. 50 cents per dozen; $4 per hundred.

SNOW CREST DAISY.
The New Giant Double White Daisy ---Snow Crest.

A wonderful improvement on all existing sorts. This cut can give it but scant justice.

Its habit of growth and size of flowers, in comparison with older varieties, is gigantic. The flowers, which are borne on stout, stiff stems from 6 to 10 inches long, are the purest white and full to the center. When fully developed they rise to a colossal sugar-loaf form, and well grown specimen will cover a silver-dollar. It makes an admirable hardy plant, or may be forced for cut flowers under the same treatment as violets. Planted on bench in a cold house it will bring more money in less time than White Carnations. OTAEHITE DWARF ORANGE.

Among the new varieties of oranges that have been recently introduced from Japan and other countries, there is one dwarf-flowering variety, which is suitable for pot culture, and which, with any one, prove one of the most desirable pot plants it is possible to possess. We refer to the Japanese Otahite. While it will grow three or four feet high and branch freely, it is not an uncommon thing to see little cutting plants five or six inches in height full of bloom, and even bearing one or two medium-sized oranges. The fruit at their best are not more than half the size of any ordinary orange, but are very bright and beautiful in color and delicious in quality, but it is for its flowers more than its fruit which commends it to general cultivation. When it blooms it is so full that it seems to be all flowers. The pure white blossoms emit a delicate yet powerful fragrance, which is surpassed by no other flower. Two and a half inch pots, 60 cents per dozen, $4 per hundred.

THE TRIFOLIATE ORANGE.

This new hardy orange delights all who like beautiful and hardy plants. An Orange Tree growing vigorously on the lawn or in the garden, blooming and fruiting in abundance, is certainly a rare sight. The lovely pure white orange blossoms are elegantly perfumed, and borne in constant succession. The fruit is small, bright red in color, and very curious.
